How to Throw a Sex Party

A lot of planning goes into hosting an orgy

An orgy can be described as a frantic, unrestrained celebration. In other words, it's fun. Throw a good one and you really spread some happiness around. Not to mention wild and willing men and women fawning at your feet.

But it's not a simple business. A lot of thought usually goes into the best sex parties. Never host one if you aren't prepared.

The Guests

- The first important rule is to invite only people you like
- Don't invite the foreign consul and his mistress just to impress your friends
- Don't invite A-listers just because they invited you to an affair. If you invite dudes and chicks you don't know really well and you're an honest person, you might worry about whether they're having a good time or not. That's fatal to a wicked, successful orgy. Try to make certain that every time you open the door you're delighted to see the guy or girl who will be nude once they cross your threshold.
- Noisy, outgoing people are usually good at sex parties. So are hotties and sleek hunks—though not too many; they're like salt in a stew. They add to

the flavor and bring out the taste, but they must be added sparingly or they'll ruin it. If the orgy is big enough, much spice can be added to it by inviting two people, male and female, who hate each other's guts.

- If people you invite singly ask whether they can bring somebody you don't know, tell them they can't or try to meet the other person in advance. Complete strangers could be the cops or potential informers. Although orgies may be popular in some circles, they are still frowned upon by a good many in influential areas. If the potential guest is known to you and you approve of his or her credentials the answer should be yes. But only that person, not the entire football team.

- It's a good idea to invite slightly more people than your home can comfortably hold. A fairly crowded room makes for good physical contact, interesting conversation, partner variety and absorbing spectacle. Some of the invited guests aren't going to make it anyway, so make sure the distance between each guest who does show up is intimately small.

- When the party ends, be sure it ends. Turn off the music; make sure everyone is gone; the lights are off; and go plan the next one!

The Invitation

The way you invite people sets the tone of the party. Text, email or phone them and you'll have a wild, super-sexy, uninhibited orgy that's guaranteed to be thoroughly appreciated by everybody.

Send out written invitations and it's likely to be a formal drag. Do give all the guests sufficient warning about when the event is to take place, plus specific directions for locating and entering your crib. —Dress, you might add, is optional—until the door closes behind them.

Your Home, Your Sex Den

The appearance of your home can work wonders. It should reflect the word “welcome” and therefore must be warm, comfortable and cheerful—just filled with sofas, rugs and cushions. Orange is a warm and sexy color that stimulates, so install orange lights and avoid blue or green bulbs or shades, or glaring overhead lights. Sign post the bathroom or with blazing clarity.

One large orgy room where all the action is to take place is probably best, with a small area

(stairs?) for dropouts. And don't clear the decks for orgiastic action so much that guests feel as though the removal men have just left. That's inhibiting. It's much better if you leave odd bits of furniture around so that your guests can shove them back against the wall as the crowd arrives.

If you have a bearskin rug on which you love to tackle your favorite lays on other occasions, take it up and stash it away or some frenzied slob will stub out a smoke or spill drinks on it, sure as fate.

House Rules

Rules about nakedness are usually quite flexible at any sex party. But if within the first hour every guest is not as naked as a jaybird, then it isn't an orgy; it's just a social gathering.

Sexual gymnastics can be indulged in while a guy is wearing his pants and his partner is still wearing her bra and panties, but only to a limited degree. The idea at all orgies is to shed all inhibitions, and that most certainly means clothes.

Garments get in the way when a merry and horny group of guys and girls are simultaneously relating to each other in an all-in and all-out fashion. One couple may be enjoying each other sexually while

at the same time indulging in delightful intimacies with another couple. Bodies may be draped over each other in the most athletic manner to affect such a stimulating outcome. The slightest wisp of artificial covering over the appropriate place can sabotage the entire happening.

Orgy lovers swear that such extremes in sexual expression are fantastically more exciting than conventional sex. They go far beyond what is normally associated with swinging or wife-swapping, or just plain oral sex between partners. During the genuine orgy we have the added sexual dimensions of third, fourth, fifth, sixth and even more parties, all participating in some kind of mass intermingling of sexual appetites honed to fantastic keenness by the very nature of the orgy scene.

Music? **Booze? Pot?**

When it comes to music some like it, some don't. An orgy usually goes better with it, and it doesn't have to be loud either. Just a pleasant background against which it is necessary to raise one's voice. The noise level at an orgy is high because of the moans, gasps, pleadings and screams of carnal joy, so talk instead of being hushed gets loud. Chamber music is not appropriate unless your partygoers are classical music buffs.

As for the booze, letting the wine flow freely is a sure-fire way to pop the best orgy ever organized. It's the favorite trick of the insecure host. The host may be so afraid the worst will happen that they want their guests sloshed, incoherent, and objectionable, with male guests incapable of achieving or sustaining an erection.

If it's legal where you are, pot can be a pleasure enhancement, helping to loosen inhibitions. Joints or gummies can be offered; just make sure the strain

is of a milder variety to keep your guests from zoning out.

Recently one happy host told his housekeeper, "I don't want people who come to my orgies to think I'm stingy. I want to be sure they have a good time. So make the first drinks triples and push doubles for the rest of the night."

The housekeeper nodded and smiled, then told the barman to 'taper off' in the usual way. "Otherwise," she said, "in an hour everyone would have been helpless and sexually impotent. Husbands would try to bang the wrong wives and before it was over there would have been

battles. People have a much better time at orgies when they are conscious of what they're doing."

"Tapering off" is the professional way to control booze at an orgy. This relaxes everyone without pole-axing them. Conversation and propositions become easy. Men find the courage to fondle women who are complete strangers and to ask them for a fuck. But as an intelligent party host, start going easy when the first glasses are empty. Make the next drink just a liberal shot. By then your panting, thrashing guests will not discern the difference. Keep easing up on the alcohol content in the glasses. "By midnight," says one host, "the martinis are merely flavored ice water. It sounds sneaky, but you're protecting your guests' pleasure that night—and their heads the next day."

If you hire a caterer, which many hosts do these days so they too can plunge into the action, ask them what size the drinks should be and advise them about tapering off. You may not only save the

orgy but half the liquor bill as well.

Though it is an orgy, never set the bottles out for self-service, even if there are only two or three couples participating. Mix the drinks yourself or have someone do it for you. This lets you control the proceedings. If food is coming up, you can cut off the drinks and avoid a limp ending. If you're having wine, you can be stingy with the whiskey. If a guest comes to the orgy already loaded, your control can help make him rational and capable.

Condoms

It goes without saying you wouldn't want your sex party to be Ground Zero for sexually transmitted diseases. So be sure to keep a generous supply of condoms and (safe) lube around, and plenty of trash bins nearby where the used ones can be tossed.

The "Magic"

The vibe must be right at the ideal orgy. Ironically, when the vibes are wrong the person most often to blame is the host.

It can happen in a dozen different ways, including the wet blanket treatment. A dozen or so naked guests are in the living room with their second drinks and with the physical relations well underway, when the host suddenly turns up the lights, claps their hands to attract attention, and shouts, "Okay, everyone down to the rec room. The ping-pong tournament is about to begin!" That's just bad timing.

Since the host forbids defection the rest of the evening proves two things:

(a) Nothing can kill a dying orgy faster than lining up a dozen sullen, undressed spectators along two sides of a green-topped table, and forcing them

to watch balls and tits bounce back and forth instead of putting them to more appropriate use and

(b) True ladies and gentlemen who would have

been deprived of their God-given right to play sex games may not exactly beat their host silly with ping-pong paddles, but they probably will think about it a lot!

Many hosts will tell you the secret of a wild and most satisfying orgy is to keep everybody circulating. Partners, they say, must be rotated, but no longer to ensure that the men don't dissipate all their energy before they have demonstrated their penetrative powers on several of the expectant females.

This means that just when you're into that luscious swivel-hipped hottie right to the hilt, and you're both fucking

with magnificent gusto, here comes your cloying hostess, dragging you off your lovely lady to take care of the needs of some mediocre chick under the table because she knows a cousin of yours you banged four times in one night last Christmas.

Such hostesses wrongly equate sex at an orgy with personal circulation, and a lack of it with tired blood. All they should do of course is make it possible for guests to circulate and provide multiple but interrupted physical contact only if they feel like it.

Certainly nothing kills a dude's libido faster at an orgy than a hostess who transforms it into a wake by making him circulate when he's pounding away contentedly. Or when she's pushing food at him while he's already eating just what he wants to eat. Or ordering him to take part in the "Biggest Dick of All" contest when his prized possession is already being massaged magnificently. At orgies the magic is simply too delicate to survive when the participants are being hassled like a herd of wild horses.

Sometimes even the orgy buffs themselves will

destroy the magic without even realizing what they are doing until it is too late. You've seen it happen. The evening is late but great. Everybody is completely relating to everyone else, and shrieks of sexual ecstasy resound off the walls. But suddenly a couple appears that's already satisfied and are pooped because they have been too sexually greedy decide that they're hungry. Nothing wrong with that in itself, but then one of them says, "Hey, let's all go grab some Chinese now!"

And so there is a reluctant untangling of naked bodies, which have to be at least partially covered before crowding them into three or four cars for the trip to Chinatown. The food's fine, but you and your last six sex partners realize that under the glare of those lights and the presence of a fawning server you are not relating to each other in the same lascivious way. The sex magic is gone because you tried to move an orgy that simply wasn't "portable."

Orgy Tricks

The lesson is, don't leave the party even if the action is sluggish. It can always be brightened and pumped up by introducing a few stimulating orgy boosters and gimmicks, like setting up a competition to see who's got the longest and thickest dick, both before and after being aroused. An "Orgy Queen" can be selected by ballot, her reward being the privilege of being kissed, caressed and taken by all the guys.

Or rig up a no-see-through sheet with appropriate holes at genital level, ensuring that only the assets of those behind the sheet can be seen. The idea is to identify the owner of each set, the winner to be rewarded with sex with anyone he or she chooses.

"The Most Interesting Sex Position" can be decid-

ed by vote, each couple going into the selected clinch while somebody snaps the shot with a cell phone..

Or you might be in the position to hire a specialty

act to demonstrate the sexual side of a successful orgy. A female expert of great skills, for instance, who can be "auctioned off" to the guys while her expertise is studied by the other women as she demonstrates on the guys. A two-some, threesome or foursome, possessing special knowledge of sensational sex techniques and erotic contortions might work up the shy guests into a frenzy, especially if they are offered as "door prizes" to the dudes and chicks who wish to equal or excel their wild gymnastics.

At some sex parties the naked guests watch politely while two stunningly stacked blondes

demonstrate lesbian love on the living room floor. Revitalizing the participants as they recklessly squander their energy in unrestrained togetherness is an important requirement at all orgies.

The Perfect Sex Party

The perfect orgy can be organized with proper planning, and testimonial to such admirable events make them really worthwhile to the planner. Imagine having a guest like Rita A., a young and beautiful Californian, tell you: "It was really an awesome sexual sensation. It was better than anything I've ever experienced before. I had sex with seven other guys besides my boyfriend that night. By the time I left I was absolutely sexually exhausted but more satisfied than I had been for a long time. Since then I've been a confirmed sex party enthusiast."

As you can see, the women who attend these sex parties have certainly come a long way (pun intended).

SOPHIE DEE

I CAN'T HOLD BACK

If you're a breast man, then kick back and get comfortable. We've filled the following pages with beautiful Sophie and her perfectly big boobs. Her boobs are so fine that we had a real hard time editing the shots from her shoot. Yes, she's really fine everywhere, and enjoys a good fuck from a well hung man, too. But admittedly, her mountainous melons are definitely the biggest attraction. Enjoy, but not too fast!

I GO ALL OUT!

A blonde-haired personification of classical beauty, this all-natural goddess has the look of royalty in her eyes. To add even more sensual stimulation to this already exotic body, she fingers her carefully shaven slit. Her full red lips and perfect nipples are there for the kissing. BLAIR-NTS-00

...as the night grew later, the toys got larger. Each dildo and vibrator I tried sent a new wave of pleasure through the horny professor.

Professor MILF

I'm finishing up my third year of college, and I haven't accepted a babysitting job in a while. But everyone has their price. For me, it was when Professor Teresa asked me to watch her kids while she hosted an award ceremony. I didn't have anything to do, and when the professor asked, I couldn't say no. Not to that chest she liked to shove in my face.

She could've asked me to do anything. Professor or not, she was a total MILF, with boobs jumping out of her chest, long dark hair just past the shoulders, deep brown eyes, and long legs that called to me like an endless siren song.

Naturally, I said yes to what was a generally easy night. It got late, so I moved the kids to bed and was watching tv when the professor finally got back around 1 in the morning, a little later than I was hoping to be out. I almost said something, until I noticed those monstrous boobs and stopped myself, like I always did. She said she was sorry for being out so late and offered to make it up to me.

I realized how tired I was when I discovered I couldn't help myself from asking her to take me to bed. For half a second, I thought I went too far before I realized I didn't care. She offered, so I took her up on it. Still, I was surprised as hell when she agreed and led me upstairs.

She sat on the edge of the bed, pulling me

into a long, lingering kiss before she opened the middle drawer of the nightstand and pulled back a small sheet hiding several toys, all lined up by increasing size. The sight sent a rush of energy through me, which only doubled as she told me to start with the small ones and she lay back, spreading her legs as far as her tight skirt would allow.

With the view she provided, I had to do everything possible to keep my cool as I realized she wasn't wearing underwear. I did what she told me, grabbing the smallest toy,

which was a textured finger glove. I tickled her clit and teased at her hole, making her squirm.

And as the night grew later, the toys got larger. Each dildo and vibrator I tried sent a new wave of pleasure through the horny professor. She was more than game, constantly demanding bigger, thicker, and rougher toys. She screamed, moaned, and writhed on the bed, absorbed in the pleasures of the toys in her drawer.

She kept wanting more, and eventually, I reached the end of the line with the biggest, bulkiest dildo she had. Which meant it was finally my turn. I stood up, hungry eyes devouring her willing body of my deepest fantasies. Her enormous chest was open and saluting me with perky nipples. I pulled my cock out and gave it a couple of tugs before knelt over her and sliding myself in like one of her toys. She gasped and looked up at me with a wicked smile, asking what took me so long.

I didn't need any more encouragement, and I grabbed her ankles and held them high in the air, and I just started plowing her as hard as I could. She was tighter than I expected, but with so much experience that she surprised me. She knew what she wanted from me. All the toys were like a lesson, teaching me what she needed. And her chest... Her chest was what I needed, my dick throbbing inside of her at the way her boobs bounced

in front of me like a prize.

A few times, I tried to savor the moment, slowing down to edge myself, but her legs grasped around my strong body and pull me in tighter with surprising dexterity. Her screams were so loud I was sure she would wake the kids, which turned me on more, driving me to lean over her to pile drive her tight body. And when her body shook with pleasure, I felt like my body was close behind. She sensed it, too, because she quickly sat up, letting my dick come out and moved so that my jizz explosion painted over those enormous melons that always got my attention.

After we calmed down, she led me to a shower to clean up. As soon as the water came on, her mouth was wrapped around my dick, giving it a “special cleansing treatment,” as she called it. I let her lead and leaned against the shower wall, enjoying the attention. Her mouth was surprisingly better than her crotch, and her tongue found g-spots along my cock that I didn’t even know existed. And within minutes, I exploded again, shuddering as I shot load after load into her mouth, which she swallowed carefully and lovingly, leaving me more than satisfied... and with a regular babysitting gig.

Spex Sex

In today’s sensory overloaded world, there are many stimulations. But for me... it’s glasses. Eyeglasses.

I think women with glasses are sexy as hell. Some guys go for big boobs and some go for big round asses. Some go for a well shaped leg, while some are hooked on long hair or a sexy voice. Some guys are foot fetish- and some are even attracted by a good personality. Me I’m glasses guy. I’d rather fuck a plain, skinny, nondescript girl with an attractive pair of glasses than the most gorgeous, voluptuous female with 20/20 vision. Or even worse contacts.

Glasses, like girls come in all shapes, sizes and colors. Plain or fancy, round or square, wire-rimmed, horn-rimmed or with no rims at all, they are endlessly fascinating. And arousing. A well-crafted pair of glasses will give me a hard-on any time. And they invariably make their wearer an object of instant lust.

Unfortunately, one problem I frequently encounter is the difficulty of getting a woman to wear her eyeglass-

es in bed. No matter how much I beg, plead and cajole, I find that most women resist the idea. They say they are afraid their glasses will damages or broken in the throes of passion.

They are afraid that a man will be turned off by the sight of their bespectacled face while engaged in sex. In my case, just the opposite is true. Far too often I’ve found myself aroused and stimulated while making out with a woman, feeling the gentle touch of her glasses against my face as I kiss her sweet mouth, slowly stripping her of all her clothing until her spectacles are her only adornment; and then as we lie

down together to culminate our passion, the lady will remove her glasses and set them aside.

Instantly I feel my passion dying, my hard-on diminishing, my lust turning to disappointment. No matter much her naked body turns me on, the sight of her naked face turns me off again. It is at that point that I plead with her to put her spectacles back on; but often this request is met with puzzlement, resentment or even downright hostility, and the mood is fatally broken for both of us. So girls, keep your glasses on. Please!

– Aaron J. , NYC

"I met Paloma at this cool house and we immediately got down. I hadn't seen her for almost six months and it was really hot to fuck her again. We started with the typical kissing and pussy eating, but my mind was on the toys that Carol brought. As we were kissing, she whispered if I wanted to do anal with her. I said only if we both do it, and with the toys. She said coooooo! Now shut up and fuck me! And did we ever!"
